PROFESSIONAL EXPERIENCE

Online Seller & Logistics Coordinator | Facebook Marketplace

Self-employed

- Managed buyer inquiries and answered questions promptly to support smooth order transactions.
- Confirmed item details, coordinated delivery schedules, and arranged shipment or rider pickups.
- Tracked deliveries and communicated with delivery riders/couriers until orders were successfully received by clients.
- Maintained customer updates, handled concerns professionally, and delivered a reliable buying experience.
- Received two 5-star reviews for responsive communication and dependable service.

Junior QA Tester

June 2024 - Present

- Led the QA Support Team, coordinating testing activities and helping ensure timely delivery of high-quality releases.
- Created test scripts, test scenarios, and test cases based on business and functional requirements.
- Executed manual testing across web and mobile applications, including regression, smoke, functional, integration, sanity, exploratory, and UAT.
- Performed API testing using Postman and managed test artifacts and defect tracking using Qase and Azure DevOps.
- Prepared daily test status reports and collaborated with developers, business analysts, and stakeholders to resolve issues.

Associate Software Engineer

August 2022 - January 2024

- Served as a key QA resource for Salesforce, Digital Shop 2.0, and B2C platform projects.
- Designed, maintained, and executed manual test cases and test scripts to validate business and functional requirements.
- Performed functional, regression, smoke, integration, and UAT testing.
- Used BrowserStack for cross-browser and cross-device testing and Zephyr for Jira for test documentation and defect tracking.

SK Chairwoman

July 2018 - November 2023

- Led community and youth development programs and coordinated with local stakeholders.
- Managed project documentation, reporting, and resource allocation to support program objectives.
- Strengthened leadership, communication, problem-solving, and coordination skills through public service.

EDUCATION
